## Excursion to Spokane.

The special excursion to Spokane which is being organized by the Board of Trade and the Exhibition Company, promises to be most interesting and a great success. It will be remembered that at the time of the Dominion Exhibition, the Spokane Chamber of Commerce ran a special excursion to Calgary, and spent a fourth of July at our exhibition. About 150 of the most representative business men of Spokane visited Calgary on that occasion, and were delighted with their stay here. They are very anxious to have the opportunity of showing the business men of Calgary around Spokane and see the great Spokane Interstate Fair. Arrangements have been completed with the Canadian Pacific Railway for a special train to leave Calgary at 5 o'clock p. m., Oct. 6th, arriving at Spokane at 11:20 a. m. on the 7th, which is "Canadian Day" at the Fair. The train will leave Spokane about 11:30 p. m. on the 7th. The train will consist of three standard sleepers and a first class car, as well as a baggage car. With this sleepers and a first class car, as well as a baggage car. With this schedule the excursionists will have an afternoon and evening in Spokane on the 8th, and all day and evening on the 9th.

An exceedingly low rate of \$25.00 return has been secured for this trip. The rate of \$25 includes a berth in the sleeping car, which berth can be used in Spokane, this saving the additional expense of going to an hotel, except for meals. Arrangements are being made for the accommodation of 100 excursionists, and from present appearance it will be necessary for those intending to go on the excursion to purchase their ticket and reserve their berth as soon as possible, so as to avoid being disappointed.

At yesterday's meeting of Council of the Board of Trade, a committee consisting of E. L. Richardson, manager of the Exhibition, Co. president A. E. Cross and secretary Webster of the Board of Trade, were

appointed to take charge of the excursion. Mr. Richardson already reports that he has applications for upwards of 25 berths, and it is expected that all available space will be sold before the end of the month. Spokane is a very interesting city, and the Interstate Fair, under the able management of Robert Crossgrove, is one of Spokane's most interesting annual events, and those who accompany this excursion to Spokane can depend on having a very pleasant outing. It is expected that a short stop will be made at Fernie, and possibly at Kamloops, Balmora, on the return journey, thus giving the visitors an opportunity of seeing Fernie since the disastrous fire.

Special arrangements are being made whereby passengers from points on the Macleod branch can be taken on the special train. It is expected that a rate of single fare for the return trip will be in force from each point. The local ticket agent will be able to give the necessary information on the matter.

Tickets can be obtained by applying to E. L. Richardson, manager of the Dominion Exhibition, or C. H. Webster, secretary of the Board of Trade, Calgary. The first class coach can be used by passengers who do not wish to take a berth.

Those in charge of the excursion are sparing no efforts to make those who participate in same have a most enjoyable time.

## The Holy City.

The most interesting of all the Salome seen upon the stage in recent years is the Salome shown in Clarence Bennett's masterly religious drama, "The Holy City," which is to be the offering at the Open House, Claresholm, on Monday, 5th Oct. Mr. Bennett's Salome is the most interesting because she is the most human of them all.

The Salome introduced in "The Holy City" is a passionate woman of great beauty, but the desperate and utterly sensual degenerate who

Oscar Wilde sought to have accepted in the erotic drama which he gave to the world many years ago, and which has recently been made into a grand opera by Richard Strauss. The Salome shown in "The Holy City" is madly in love with a young Roman named Marius, but it is not an unhealthy love. It is the old love of a woman for a man, a passionate infatuation which fills her whole life and makes her fanatically and insanely jealous of everyone who has any influence with the object of her affections.

This leads her, at the instigation of her mother, to demand and obtain from Herod, the head of John the Baptist. The foreman of the execution has influenced Marius into declaring that he would even sacrifice his love for Salome, for his faith in the Saviour in whom he has come to believe. In a tragical scene in the last act at the palace of Jerusalem, Salome seductively kills Marius and then, stabbing herself, falls across his dead body, declaring her faith and belief in the holy Nazarene who had met his death three days before on the hill of Calvary.

Mr. Harold Nelson will be seen in the part of Marius, a young Roman soldier. Mr. Nelson is supported by the excellent actor, Frederick Clarke, and a strong metropolitan cast.

The oven does the baking, the fire-box controls the oven heat, and the grates hold the coal or wood that produces the heat, so THE GRATES are important.

# Sask-alta Range

Double Duplex Grates

"Sask-alta" Double Duplex Grates are made in four pieces, each grate shaken separately. Ashes over one grate can be shaken without wasting good fuel over other grate. No poking necessary, thereby saving fuel. Dampers at both ends of fire-box secure perfect drafts. When grates are inverted for wood a patent clamp retains them in position. The easiest-working way is the surest-serving way—and that's "Sask-alta" way.

Mr. J. E. Bevan left last Friday on an extended trip to Winnipeg and Southern Manitoba.

Dr. and Mrs. C. R. Laven gave a most party last Monday night. About 40 attended and a very enjoyable evening was spent.

Messrs. Joe Griffiths and Sam Patterson, who are at present working at Granum with the Government boring machine, were in town over Sunday enjoying acquaintances with their old and esteemed friends. We hope they enjoyed themselves thoroughly. By-the-by we hear that they have struck a new "vein."

The fire brigade will meet every Thursday night at 8 o'clock in the hall for practice. A good attendance is requested. By order, Fire-chiefs Edwards.

A fire alarm was given last Friday night by Fire-chiefs Edwards to test the promptitude of the fire brigade, but unfortunately few of the equipped men turned out. Most of them were busy eating and did not have the time to spare just at that time. Probably if the Council supplied a keg of beer it would be an inducement for some of our noble firemen to turn out promptly.

We had the first taste of winter last week when a heavy snowstorm fell to the depth of four inches. Still it's an old word that blizzards mostly get in the snow that fell was welcomed by some of the farmers, as the ground was in need of some moisture for plowing, thereby to the sowing of the fall crops. Now that the snow has disappeared the threshing, which was suspended owing to the snow, is in full swing again.

A. B. McDonald the Liberal Candidate is to speak next week in the country Northwest of here, at Elton on Monday, Bow Valley school on Tuesday and at the following schools on the other nights of the week, namely: Alton, Long Coulee, Harvey and Sharon.

Lack of advertising was no doubt responsible for the fact that John Heron had only 11 people to hear him at Elton.

May from Clareholm including C. S. Hotchkiss, L. H. Uglund and others attended at Medicine on Thursday to hear the Hon. Frank Oliver speak.

Robert Kolbeck has gone into partnership in the Alberta Hotel, Granum and leaves for there on Monday. No doubt he will have many visitors from Clareholm.

Harry S. Oates who has been for nearly two years, teller in the Bank of Commerce here has received an appointment at Vancouver and left here today. During the time Mr. Oates has been in Clareholm he has made many friends. Whatever he did "for the time it will be a good" to quote Mark Twain, whether he was playing football, cricket, Alberta, hanging, singing, working in the fire brigade or doing any of the other things which he found time for. He has the best wishes of many for his future success.

HANDOLPH—CHRISTIAN.—At Stately on September 12th, by the Rev. Mr. Leslie, John Randolph to Anna Christian.

N. Holmes last week had the misfortune to burn his right hand severely by while lighting one of his gasoline lamps.

A load of over 4000 feet was taken from the lumber yard of Moffatt & Sons'. It required a four-horse team to pull this big load.

E. W. Frost has been appointed receiving officer for the Municipal riding and has entered on his voluminous duties.

We regret to hear that Simon A. Mosier is seriously ill with typhoid fever.

Certain parties were visiting town last week looking up the prospects for a hardware store.

At the Board of Trade Meeting held on Monday representatives were present from the C. P. R. and the Grain Commission with regard to the car shortage. The proposition was made by these gentlemen that if the farmers would keep their name of the order book for cars then the Railway Co. would guarantee to keep the elevators cleared and the elevators would give the farmer Winnipeg prices less 3½ cents. There is to be a mass meeting of farmers this Saturday at 3 o'clock to consider this proposition.

The many friends of Mr. E. G. Moon late Accountant of the Bank of Commerce entertained him to supper in the Queens Hotel last Friday night. During the evening Mr. James made Mr. Moon a presentation on behalf of his friends the gift being of a car of a despatch case. The evening was spent pleasantly with song and sentiment. Mr. Moon has been transferred to Winnipeg.

The two wolves which Bob Gilmore has in the back of his shop are growing larger daily and more carnivorous looking. It would be a good idea for the owner to present them to one of the collections in Alberta or Manitoba before they grow too big. They are certainly fine specimens.

One more the weather has become bad and the sample dealt out in the last twenty-four hours is distinctly unpleasant. Threshing will be hung up for a few days again. However, the enforced stoppage may do the town some good particularly the storekeepers.

Last Monday night as the 10:10 express from Calgary was pulling out of Clareholm, Gardo Gerts while attempting to board the train, slipped between the cars and the platform. Fortunately Mr. Gerts had the presence of mind to keep close to the platform, thus preventing a more serious accident. There was no bodily harm done to him. His overcoat which he was wearing was torn down the back and his hat some what crushed.

## The Population of Claresholm.

Mr. Editor, sir:—In view of the many expressed opinions on the subject of the population of the town it may be interesting to your readers to see the following figures, which I recently secured by a house-to-house canvass. The total figures may appear to some to be disappointingly small. But it is to be remembered that at this time of year the resident population is at its lowest ebb. There are many away from town on holidays or at harvesting work who will be town within the course of two or three months. Further, there are at any time a number of transient visitors at our hotels and people in from the country for the day, both of whom swell the numbers upon the streets so that impressions of the population drawn from a survey of the people on the street are apt to be exaggerated. The figures here given are confined strictly to the resident population as it was in the early part of this month (September).

To give an idea of how the population is distributed I divided the town into four districts. The population of each is given. It will be seen that the largest proportion is in the central or north central section of the town.

I also secured, so far as possible, the religious persuasion, by denominations, of all the inhabitants. It was impossible without having more time than was at my disposal to get this in the case of every individual so that there is a large number in the class "unclassified" who may be taken as belonging to all the different churches. Mostly all whom I asked expressed themselves as adhering to some denomination, though the connection in some cases was somewhat slim and of rather ancient date.

I hope to be able to take the census again sometime during the winter so that a contrast between the summer and winter population may be possible. The winter population will probably exceed the present figures by about twenty-five per cent.

These figures are secured solely for my own use and information and have no title to absolute accuracy. Nevertheless I think they are correct to within a small distance of the actual.—I am, yours truly,

PETER HENDERSON.
